Owl and Hawk Flying Experiences

All Experiences are pre-booked

Visitors welcome to the Centre

Owl and Hawk Flying Experiences

If you have ever wanted to experience the thrill of flying an owl or bird of prey then join us for one of our unique and educational flying experiences at the Barn Owl Centre.

Join us to fly our birds by day, or at night, to truly discover their fascinating world.

Whatever the weather, we provide both indoor and outdoor flying experiences to cater for adults and children. Flying events run for approximately two hours and are conducted by experienced staff.

Refreshments available.

Barn owl

Owl Flying by Day

Meet the owls at close quarters and experience the thrill of flying them to the gloved hand. This is a unique introduction for adults, families, birthday parties, or simply for groups of friends.

Owl Flying by Night

Owls are most active at night and this is the ideal moment to gain a unique and fascinating insight into their world. The Centre is gently lit at night to create an atmospheric, hands-on experience.

Owl and Hawk Flying

These events include hands-on flying of the eagle owl, hawk and buzzard. They provide an unforgettable experience for those who take part as the larger birds of prey are sure to delight both young and old alike.

Barn Owl

As a charity, one of our most important tasks is to help conserve the wild barn owl. Our flying experiences create a special insight into the world of this beautiful owl. We also offer guidance on habitats and prey species. At the Centre you can purchase ready-made nest boxes for conservation projects.

Eagle Owl

To fly an eagle owl is an experience not to be missed, this is a great opportunity to meet a magnificent bird of prey that has created huge media interest. Learn more about its natural behaviour and encounter this amazing owl flying to the glove.

Buzzard

The buzzard is now a familiar sight over our motorways and in our countryside. This is your opportunity to learn more about its success story whilst flying the bird in its natural environment.

Harris Hawk

The harris hawk is a top-level predator and it is a thrill to be able to present this species within an event. This is a great educational opportunity to understand more about a hawk used by falconers.

Tawny owl

Little owl

Gift Vouchers

Vouchers are available for all our flying experiences and make wonderful gifts for bringing family and friends together for a truly memorable experience.
